**PERFORMANCE, DEPENDABILITY AND QUALITY**

With more than 13,000 LaserWash360 systems installed, FPQ specifies us, taking great pride in living by the adage to deliver systems with the most advanced equipment that fulfills our criterion of **Performance, Dependability And Quality**. The first LaserWash360 system was installed in 1988, and since then, more than 2,000 systems have been manufactured and installed worldwide, representing the highest sales and operational excellence in the industry.

**THE PRO ADVANTAGES**

- **Direct Flow Edification**
- **Junction Reacting and Edification**
- **Liquid Flowing In**
- **Leak Detection Grid**
- **Clean Air Flow Design**
- **Leak-Balancing Grid**
- **Lack of Internal Support**
- **Input Voltage Input**
- **Input Voltage Input and Additional**
- **Direct Flow Edification - New Standard**

**Vehicle Positioning**

One of the most remarkable innovators in the field of **Vehicle Positioning**, the LaserWash360 system automatically detects the vehicle's position, either in the wash bay or in the parking area, and adjusts the wash program accordingly. This ensures that the vehicle is washed efficiently and effectively. The system is designed to work with a variety of vehicle types and sizes, ensuring maximum efficiency and customer satisfaction.

**Standard Features Include**

- **Vehicles Game Technology**
  
  The LaserWash360 system comes equipped with inductive and infrared sensors. Standard **Vehicles Game Package** offers a wide range of features that allow for an improved performance. The system is designed to detect different types of vehicles, ensuring maximum efficiency and customer satisfaction.

- **Raised Tension System**
  
  The LaserWash360 system offers a unique feature that allows for an improved performance. The system is designed to detect different types of vehicles, ensuring maximum efficiency and customer satisfaction.

- **Non-Corrosive Materials Used**
  
  The LaserWash360 system features non-corrosive materials, ensuring maximum efficiency and customer satisfaction. The materials are designed to withstand harsh environments, ensuring maximum efficiency and customer satisfaction.

- **Revenue Generating Options Include**
  
  The LaserWash360 system offers a unique feature that allows for an improved performance. The system is designed to detect different types of vehicles, ensuring maximum efficiency and customer satisfaction.

**Final Step Prep**

PCB exclusive Final Step Prep can increase your customer satisfaction while driving up the profit margin. Your customers will be better off, with a focus on the eco-friendly, back of the house, and the front of the house. LaserWash360 Final Step Prep System:

- **35 Euro-Style System**
  
  LaserWash360 Europe is fully designed to align with your European vehicles, your customers, and your customers’ vehicles. The system is designed to work with a variety of European vehicles, ensuring maximum efficiency and customer satisfaction.

- **Super System**
  
  Super System is a complete 360-degree solution that is designed to eliminate the need for a separate spray, no touch system. This system is designed to eliminate the need for a separate spray, no touch system.

- **Kicking Bonus/Proven Endpoints**
  
  Kicking Bonus/Proven endpoints is designed to align with your European vehicles, your customers, and your customers’ vehicles. The system is designed to work with a variety of European vehicles, ensuring maximum efficiency and customer satisfaction.

**Vehicle Flow**

The LaserWash360 system is designed to work with a variety of vehicle types and sizes, ensuring maximum efficiency and customer satisfaction. The system is designed to work with a variety of vehicle types and sizes, ensuring maximum efficiency and customer satisfaction.
**LaserWash 360 Plus Features:**

**Standard Models Features**
- Frontal Monitor & Camera
- LaserWash 360 Max, Control-Resistant, Design & Quality, Smart 360 Technology
- Jetless, Smart Resonating, Smart Wash
- Rear Front Control Panel
- Easy to assemble Vending System

**Options**
- Color: 700 Wash Per Cycle
- Rust Prevention Add-On for Free Bld
- Right Side Package
- Front-Wash Panel
- Easy Access Trolley Cover
- 2 x Automatic High-Capacity Dryer
- 2 x Automatic High-Capacity Dryer
- Sample Standardized Milieuetsy System
- Close-Up Confirmation 0-1
- 3D Enzyme Dryer
- LaserWash Drying, Neutralizing Effect System
- LaserWash Protection, Neutralizing Effect System
- High Pressure Water System
- Customized Disinfection System
- Encrypted MID Application System

**LaserWash 360 Plus Specifications:**

**Building Requirements**

**Software Features**

- Touch-Free In-Bay Automatic Vehicle Wash System
- PDI LaserWash Series
- Frontal Monitor & Camera
- LaserWash 360 Max, Control-Resistant, Design & Quality, Smart 360 Technology
- Jetless, Smart Resonating, Smart Wash
- Rear Front Control Panel
- Easy to assemble Vending System

**Web-Based LaserWash 360 Plus Interface Software**

- Integrated with PDI
- Remote access to all functions of the wash setup, allowing real-time and centralized monitoring
- Controls all aspects of the wash process, including start/stop, cycle selection, and diagnostic information
- Enables remote monitoring and troubleshooting

**Technology available on all your devices**

PERFORMANCE, DEPENDABILITY AND QUALITY

With more than 15,000 Laserwash systems in operation, PQS Qualitrol, Inc., takes great pride in being the leader in the industry of automatic vehicle wash systems. PQS, and its sister company, Qualitrol, is dedicated to providing wash systems with the most innovative equipment that improves vehicle appearance, and reduces overall maintenance costs and labor requirements. PQS continues to improve the industry’s standard of excellence in vehicle washes, and remains committed to offering customers a complete line of vehicle wash systems that are both reliable and of the highest quality.
Performance, Dependability and Quality

With more than 13,000 LaserWash systems in operation today, FSO is dedicated to providing wash operators with the most innovative equipment that satisfies our brand of Performance, Dependability and Quality. The new LaserWash 360 Plus is the latest in our range of new vision-controlled systems and it represents our ongoing commitment to offer wash operators the opportunity to realize the industry’s greatest value in investment.

LaserWash 360 Plus

The LaserWash 360 Plus is a low maintenance and reliable system that is designed to meet the needs of your facility. The system is designed to operate efficiently and effectively, ensuring that your wash operation is seamless and trouble-free.

Benefits of the LaserWash 360 Plus

- **Performance**: The LaserWash 360 Plus is designed to deliver superior performance, ensuring that your wash operation is efficient and effective.
- **Dependability**: The system is built to last, ensuring that it delivers consistent performance over time.
- **Quality**: The LaserWash 360 Plus is designed to meet the highest standards of quality, ensuring that your wash operation is reliable and consistent.

**THE PBX ADVANTAGE**

- **Easy for Installation**
- **Easy for Recycling and Disposal**
- **Low Weight and Easy Handling**
- **Radiation-free and Non-Fatigue**
- **No water usage and Easy Cleaning**
- **No chemicals and Easy Maintenance**

**STANDARD FEATURES INCLUDE**

- **Films for Glasses**
- **Films for Mirror Glasses**
- **Films for Hard Glasses**
- **Films for Soft Glasses**
- **Films for Mirrors**
- **Films for Hard Mirrors**
- **Films for Soft Mirrors**
- **Films for Windows**
- **Films for Windshields**

**EFFICIENCY MIRROR EFFICIENCY**

- **Efficiency Mirror Efficiency: 90%**
- **Efficiency Mirror Efficiency: 95%**
- **Efficiency Mirror Efficiency: 99%**

**Revenue Generating Options Include**

- **Self-Service Car Wash**
- **Self-Service Car Wash Plus**
- **Self-Service Car Wash Ultimate**
- **Self-Service Car Wash Ultimate Plus**

**Final Result**

- **Final Result: Clean and Shiny**
- **Final Result: Spotless and Lustrous**
- **Final Result: Effortless Cleaning**

**Super Sealed System**

- **Super Sealed System: 99.9% Efficiency**
- **Super Sealed System: 99.99% Efficiency**
- **Super Sealed System: 99.999% Efficiency**

**Self-Service Car Wash Ultimate Plus**

- **Self-Service Car Wash Ultimate Plus: 99.9% Efficiency**
- **Self-Service Car Wash Ultimate Plus: 99.99% Efficiency**
- **Self-Service Car Wash Ultimate Plus: 99.999% Efficiency**

**Eco-Friendly Options Include**

- **Eco-Friendly Option: 100% Recycling**
- **Eco-Friendly Option: 95% Recycling**
- **Eco-Friendly Option: 90% Recycling**
